# Ring Size Chart

Before measuring your ring size, make sure this guide is printed on a standard US Letter-size page (8½ x 11 inches) and set to print at 100% scale. To verify proper printing, place a credit card on the line below — it should match in size.

To determine your ring size, use a ring that fits you comfortably. Align the inner edge of that ring with the circles below to find the closest match. If you're between two sizes, Graff recommends selecting the larger size.
