

Halo Diamonds Ring Sizer Chart

To accurately measure your ring size, print this guide on a standard US letter-sized page (8.5 x 11 inches) and set the print scale to 100%. Confirm the print is correct by placing a credit card on the line below; it must match in size.

To determine your ring size, please follow these directions:

1. Wrap a thin strip of paper around the base of your finger. If you have larger knuckles, measure both of them. (In this case, choose a size between the two to allow the ring to slip on comfortably.)
2. Mark the spot where the paper meets.
3. Measure the paper's distance with a ruler.
4. Use the chart to determine the ring size.
5. To size a ring you already have, lay it directly onto the chart so that the black circle touches the ring's inner circle.

6. Contact Halo Diamonds at findyourring@halolabdiamonds.com or call us at 866 HALODIA (866-425-6342), and we'll send you a reusable ring sizer for free (shipping costs apply). This ring sizer measures in US standard whole and half sizes.
